

Lady Musgrave Island Day Cruise Information

Experience all the Great Barrier Reef has to offer
Reef | coral island | lagoon | pristine coral | pontoon | turtles

Thank you for choosing **Lady Musgrave Cruises**, departing from the **Town of 1770** daily to explore one of the natural wonders of the world - **The Great Barrier Reef**. **Southern Reef Tourism Award Winners - 2007**

Enjoy a Day Cruise aboard our high speed 22 metre catamaran, the "**Spirit of 1770**" from the Town of 1770 (Birthplace of Queensland) to Lady Musgrave Island and this is the closest mainland point to Lady Musgrave Island.

The Spirit of 1770 is the quickest access to the island, only 90 minutes by sea, which allows over 5 hours exploring the Outer Reef. Lady Musgrave Island & Lagoon is a true coral cay with an unspoiled island and unique coral lagoon on the Outer Great Barrier Reef. Lady Musgrave National Park is a tropical paradise abundant in pisonia forests and bird life. The island is set on 3000 acres of living reef with a deep water coral lagoon which is unique to the entire Great Barrier Reef Region. The Spirit of 1770 enters the calm waters of the coral lagoon to moor only 300 metres from the island. This provides a protected haven for all age groups to explore the wonders of a living reef eco-system and the colorful variety of marine life - **all in one great day!**

On the "**Spirit of 1770**" you will cruise in sheer comfort aboard our purpose built 22 metre Catamaran which provides an excellent ride in aircraft style seating on the main deck and upper deck. The vessel is fully air-conditioned with forced fresh air vents for passenger comfort while traveling at sea.

We have been operating day cruises from 1770 for over 13 years and take pride in offering a value for money product, good food and great service.

Day Cruise inclusions:

- Over 5 hours on the Outer Barrier Reef with informative commentaries throughout the day
- All day snorkeling for beginners and experienced snorkellers in the crystal clear waters of the protected lagoon
- Semi submarine tours through coral bay with interpretive commentary
- View the coral gardens through our spacious glass-bottom boats (6 metres of viewing chambers) with informative commentary
- Guided island walk with informative commentary of the Flora & Fauna of the coral cay
- Feed the colourful variety of marine life from the pontoon
- Discover green-sea turtles (all year round), manta rays and humpback whales in season
- Spacious Floating pontoon with easy access waterline snorkeling & diving platforms, underwater observatory, shower, dressing rooms, undercover seating & eating area.
